09. Dr. G. Serwani V. Swamy, Asst. Prof., English.

Agenda:

1. Continuance of presentations on different research topics including the Systems by external experts from within the City or by internal experts.
2. Finalization of the Performa for Research Project Fund of ANITS as prepared by Prof. KVSVN Raju.
3. Status of Enrollment in SERB as investigator by faculty members of all Departments.
4. Discussions on the PhD registrations and the progress.
5. Any other point with the permission of the Chair.

**Meeting outcome:**

At the outset Principal, ANITS and Convener of the committee have welcomed the members. Discussions took place as per the Agenda and the following points were brought out/discussed in the meeting.

01. Prof K. S. Ranga Rao, has appreciated efforts put up by all the Departments as a total of 17 Project proposals were uploaded to SERB online well within the time and with very short notice.

02. He also indicated that those who have received Sponsored Projects must submit the status and also should submit Project Completion Certificate.

03. He insisted on Faculty publishing Technical Articles. Every individual faculty must take up student project work whether B.Tech or M.Tech and ensure the work is published in Journals or Conference Proceedings.

04. Ph.D registered faculty must also be monitored for progress of their work for their own benefit.. They can utilize the facilities at ANITS for their research work and respective Departments may ensure intermittent monitoring on the progress of their work.

05. Principal, Prof. T.Hanumantha Rao has asked to pool up data of faculty persuading Ph.D and indicated that monitoring of the progress could be done at central level. He indicated that a Proforma should be generated for the above and also for getting information of faculty who are acting as Research guides (for Ph.D).

06. Prof K. S. Ranga Rao stated that he could assist in getting projects if anyone wants to apply to Naval Research Board. Apart from that faculty visits to NSTL can also be recommended as they will help them to observe their activities and accordingly propose any work which can be taken up ANITS.

07. The convener has insisted that the research committee members have to collect publication details from their respective department for the academic year 2016-17 in consultation with their HoD and present the same in the next meeting of the Committee. He also insisted that the faculty have to ensure that the research is published in recognized journals or journals having impact factor as the institute is giving incentives for publication in good journals.

08. Prof. K.V. S. V. N. Raju has indicated that faculty who have attended seminars and workshops must present a seminar in the departmental research seminars which must be taking place on Saturdays.

09. Principal, Prof. T.Hanumantha Rao sir has asked to ensure that from each department at least 2-3 student groups can submit proposal to NDRF of Institute of engineers. Students can also be encouraged to participate in Accenture Innovation challenge Programmes.

The date, time and venue of the next meeting will be intimated separately.

The Meeting concluded by thanking the Chairman, Co-Chairman and the members of the Committee.

There was a presentation by Dr. K. Shiva Prasad, Assoc. Prof, Mech on the topic "Different International and National Govt/Non-Govt Agencies sanctioning Research Projects, Proforma for applying and Eligibility Criteria". It was attended by 44 of the faculty members from different Departments. It was well appreciated by one and all.

The Chairman of the Committee gave vote of thanks and applauded the speaker for wonderful compilation and presentation.

Following the presentation, Prof. K.S.Ranga Rao expressed that system Experts from different Organizations be invited to address the researchers to understand the

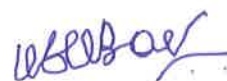

concepts relating to multi-disciplinary activities and to get motivation from the Experts experience, to look for problems leading to publications/Ph.D./Research Projects.

Chairman and Co-Chairman expressed that the relevant Experts be invited and to work towards research thereby bringing a good research environment in the Institute.

It was observed that the response towards enrollment by the Faculty in SERB has been very encouraging and wished that the same spirit continues.

The next meeting is scheduled for 11.08.2017 with the following agenda:

- Continuance of presentations on different research topics including the Systems by external experts from within the City or by internal experts.
- Finalization of the Proforma for Research Project Fund of ANITS as prepared by Prof. KSVN Raju.
