Sub: - Proposal for in campus GATE training – Reg.

Respected sir,

Greetings.

Let me introduce myself as S. Vishnu Sankar, Director, LEAD institute of academics, a post graduate in Digital Signal Processing. My colleagues and myself, at LEAD, have been committed in shaping the future of engineering graduates through training to take up GATE/ PSU/ ESE (IES) exams for the last few years.

You may kindly be aware that a considerable number of college students have been travelling outstation to take GATE coaching, spending considerable amount of money in the course. In this context it is felt that if GATE coaching is provided in the premises of their college in parallel with their academics, we are sure that their aspirations could be met at a much lesser cost than they are presently incurring.

Keeping this in view we look forward to get associated with the college to organize the in-house training for GATE if permitted. **A good initiative for this shall be to conduct informative and motivational sessions to bring to the awareness of the students and the management as to how the course will function if an understanding is reached to conduct the GATE training on campus.**

The following enclosures have been attached to this letter in this regard.

- Enclosure I - About LEAD
- Enclosure II - Training Strategy
- Enclosure III - Execution plan of the Course
- Enclosure IV - Study materials & online tests
- Enclosure V - Information regarding GATE
- Enclosure VI - Information regarding PSU
- Enclosure VII - Information regarding ESE [IES]
- Enclosure VIII - Course Plan

We request your good selves to go through our proposal and give us an opportunity to be a part in shaping the future of the students.

Looking forward for an association with ANITS

Thanking you,

Yours Sincerely

S. Vishnu Sankar
