

Action Taken Report on Student Feedback

Academic Year (2020-21)

The feedback from the students for the academic year 2020-2021 has shown a significant progress in their opinion on weighbridge of parameters which include their teaching learning experience, infrastructural facilities like class rooms, labs, sports, career counselling and hostels. The students have given positive response on all the parameters.

Student Suggestion and Action Taken

01. Slot to be provided for games, sports and other activities:

ACTION TAKEN: Some departments allot specific period in the time tables for sports. Facilities in the form of volley ball court, basketball court and cricket ground are available to encourage outdoor sport activities. The institute also provides infrastructure for indoor games like table tennis, chess and caroms. NSS and NCC wings are established in the campus to improve active participation of students in various activities.

02. As the college is AICTE , NAAC approved so the basic provision of wifi access to students is a must, and also it is observed that students are not allowed to carry their phone to college and being a student it is something basic which everyone must carry to their college and we have observed the utmost importance of need of Wifi and smart phone in the pandemic which helped our online classes so this must be sorted out.

ACTION TAKEN: Significance of internet facility identified by the administration and hence Wi-Fi facility has been provided in the entire campus.

Students are allowed to carry the mobile phones but with restricted use. The students are strictly prohibited to use mobile phones in classrooms and laboratories to avoid mischief and focus only on learning process.

03. Bus fee was too high to afford:

ACTION TAKEN: The bus fees that is being charged from students is based on various factors such as fuel rates and distance travelled. It is also noted that all buses are air conditioned. Considering all these factors bus fee being charged is based on expenses only.

04. Fitness facilities like gym equipment can be upgraded:

ACTION TAKEN: Fully equipped gym is established in the campus as well as in boys and girls hostels. Further these facilities are upgraded to meet the increasing demand of students.

05. *Food service to be charged at minimal rates:*

ACTION TAKEN: The canteen has been upgraded during the renovation of infrastructure. Professional chefs have been appointed exclusively for managing cooking section in 2020. Now food items are offered at concession prices.

06. *Parking facility required for Student vehicles:*

ACTION TAKEN: To discourage the students using a personal two or four wheeler for attending the college, a dedicated parking facility is not provided for students. This is for two reasons i.e. accident prone heavy traffic and in highway and to avoid pollution. The students are guided to use any public transport. The space available outside and adjacent to the college boundary wall is been utilized by the students those once in a while come to college by two or four Wheelers.
