

Workshop on PYTHON PROGRAMMING

25-7-15 and 1-8-15

To
The Principal,
ANITS,
Sangivalasa.

Respected Sir,

Sub: Permission for conducting Workshop on PYTHON Programming - Reg.

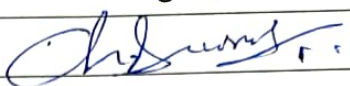

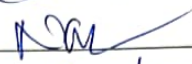

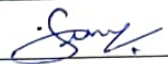

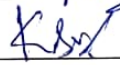

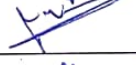

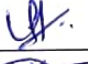

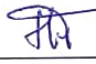

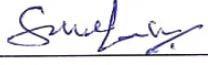

It is to bring to your kind notice that Workshop on PYTHON Programming demand is growing day by day and Industry requires many experts in this area in the next coming years. Keeping this in view, Dept. of IT want to conduct a 2 day "Workshop on PYTHON Programming" with the renowned expert Mr. Anand Chitipothu, Software Consultant & Trainer, who is a corporate trainer for many MNC's. In this Regard IT Dept. took the necessary steps to fill the gap between Academia and Industry. So kindly permit us to conduct the Workshop in our Dept. from 25-7-15 and 1-8-15.

SUMMARY REPORT on Python Programming Workshop

A two day workshop on "Python Programming " was organized by department of Information Technology , ANITS on 25-07-2018 and 01-08-2015 by Anand Chittipothu, Software consultant & Trainer.

Python programming demand is growing day by day .The topics covered by the expert are:

What is Python and how it is used around the world

Brief presentation explaining how Python has been used across the world in the industry, academics, engineering and research.

2. Getting Started with Python

- * Using Python interpreter
- * Running Python Scripts
- * Variables & Datatypes
- * Functions and Methods
- * Modules
- * Reading command-line arguments
- * Conditional Expressions & If Statement

3. Working with data -

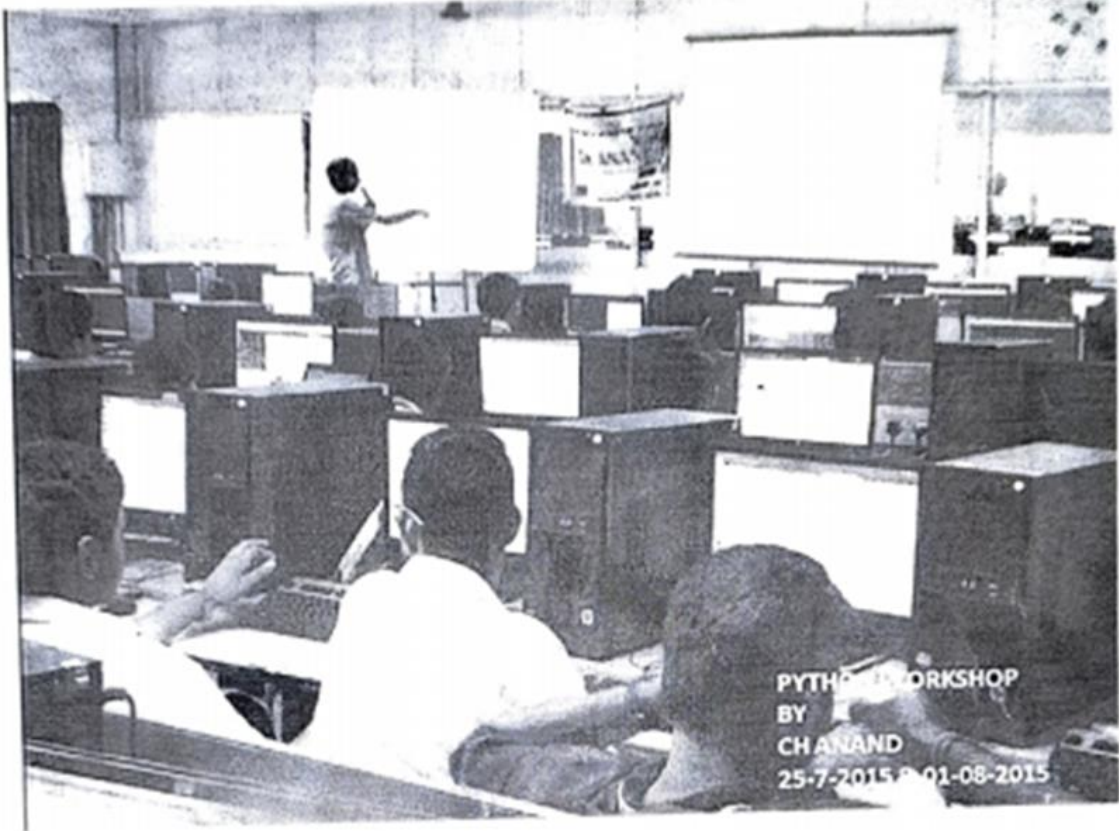

- * Lists
- * For Loop
- * Iteration Patterns
- * List Indexing
- * List Slicing
- * List Comprehensions
- * Sorting Lists
- * Dictionaries

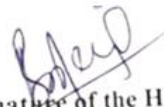

4. Problem Solving with Python

Solve one big problem. One of the following ideas will be selected after discussing with students.

- * Notepad clone
- * A Blog website
- * 8-queens puzzle
